PRESS RELEASE – REGULATED INFORMATION – INSIDE INFORMATION

Ekopak takes note of the resignation of its CEO

Deinze, 20 July 2026, 6 pm CEST

Ekopak NV (EURONEXT: EKOP) announces that it has taken note of the resignation of ACEAN BV, represented by Mr. Jean-Baptiste De Cuyper as permanent representative, from its position as Chief Executive Officer. The collaboration ends with effect from today.

Ekopak would like to thank Mr. De Cuyper for the collaboration and wishes him every success for the future. Further details regarding his succession will be communicated in due course. The Board of Directors has initiated the search for a successor.

About Ekopak Sustainable Water

Ekopak is a Belgian company specialised in solutions for industrial water treatment and wastewater treatment. The group's solutions enable industrial customers to reduce their water consumption in a sustainable, reliable and cost-effective manner and to purify their wastewater. Ekopak also enables its customers to disconnect from the regular water grid and adopt circular water use. In doing so, Ekopak focuses on optimising water use through modular water treatment units that convert grid-independent water sources such as rain, surface and/or wastewater into purer water that can be used and reused in the customer's industrial processes.

Ekopak offers its solutions globally and operates from offices in Belgium, France, the Netherlands, Morocco, the Philippines, Thailand, Mexico, Singapore, India and the US.

All Ekopak shares are listed on Euronext Brussels (ticker EKOP).
