Change in the denominator of Roularta Media Group NV

Under the terms of the Act of 2 May 2007 (art.15) on disclosure of major holdings in issuers whose shares are admitted to trading on a regulated market Roularta Media Group discloses the following information:

Basic data	**Situation on 12 June 2026**
Total capital	84,815,953.73 euro
Total number of securities conferring voting rights	13,931,920 shares
Total number of voting rights (= denominator)	24,004,407 voting rights[1]
Supplementary data	
Total number of debentures convertible into securities conferring voting rights	None
Total number of rights, whether or not reflected by securities, to subscribe for securities conferring voting rights yet to be issued	None
Total number of voting rights that may result from the exercise of such subscription rights	None
Total number of shares without voting rights	None
Tresholds	Article 8 of the articles of association foresees a threshold of 3%

The change in the denominator results from the fact that a block of shares held by the reference shareholder Koinon NV has been registered in nominative form for an uninterrupted period of two years as at 12/06/2026 and therefore now has double voting rights.

[1] Under the loyalty voting rights introduced in 2020, registered shares that have been continuously registered in the name of the same shareholder in the share register for at least two years carry double voting rights.
